### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William Lewis, Reg. No. 39,274, Tel: (516) 759-2946 on March 29, 2007.

Please cancel claim 51.

Please replace claim 49 with the new amended claim 49 below.

The claim 49 have been amended as follows:

(According to claim 49) A method of providing a dynamic alert indication to a user of a signal receiving device, the method comprising the steps of:  
obtaining context information from a context service located remote from the signal receiving device;  
storing at least a portion of the context information at the signal receiving device;  
forwarding at least a portion of the context information to one or more signal transmitting devices;  
and automatically modifying, based on at least a portion of the context information, an alert indication mode associated with the signal receiving device, wherein the alert indication mode causes an alert indication to be provided to the user of the signal

receiving device upon receipt of a signal by the signal receiving device, the alert indication being appropriate to an environment in which the user is presently located; wherein automated modification of the alert indication mode is effectuated remotely by the context service system or locally by the signal receiving device.

***Allowable Subject Matter***

This communication is in response to applicant's Appeal Brief which is filed January 8, 2007 in the application of Ebling et al. for a "Method and apparatus for providing dynamic user alert" filed March 5, 2002.

Claims 1-30 and 51 are cancelled.

Claims 31-50 and 52-63 are allowed.

Referring to claims 31 and 47, the following is a statement of reasons for the indication of allowable subject matter: the prior art fail to suggest limitations that "forwarding at least a portion of the context information to a context service system located remote from the signal receiving device".

Referring to claims 48 and 49, the following is a statement of reasons for the indication of allowable subject matter: the prior art fail to suggest limitations that "forwarding at least a portion of the context information to one or more signal transmitting devices".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submission should be clearly labeled "Comments on Statement of Reasons for Allowance."
